## Lynyrd Skynyrd

I was sittin' at home all alone when I heard that telephone rin g And there on the line was a friend of mine sayin' he wasn't doi n' a thing So I'm steppin' out on the town tonight to party where the drin ks are free There's a sweet young thing ready and waitin' on me

[chorus] Young and fine, strike you blind Smokestack lightnin' make you lose your mind She's got looks that kill can fire at will Smokestack lightnin' she's all I need

When we got to the place I got me a taste I knew she'd be good for a game Dancin' out on the floor she was ready for more She knew all the boys by their names I said hey sweet thing let me pull your string Let me take you home I woke up in a hour with my money and my memory gone.

[repeat chorus]

Young and fine strike you blind smokestack lightnin'

[repeat chorus]
