You Got That Right

Lynyrd Skynyrd

Well I've heard lots of people say They're gonna settle down You don't see their faces And they don't come around Well I'm not that way I got to move along

I like to drink and to dance all night Comes to a fix not afraid to fight You got that right Said, you got that right Sure got that right

Seems so long I been out on my own Travel light and I'm always alone Guess I was born with a travellin' bone When my times up, I'll hold my own You won't find me in an old folks home You got that right Well you got that right Said, you got that right Sure got that right I tried everything in my life Things I like I try 'em twice You got that right Sure got that right

Travellin' around the world, just singing my song I got to go, Lord I can't stay long Here comes that ol' travellin' jones once again I like to drink and to dance all night Comes to a fix not afraid to fight You got that right Said, you got that right Well you got that right Sure got that right
