

## Boom Skit

M.I.A.

Brown girl, brown girl  
Turn your shit down  
You know America don't wanna hear your sound  
Boom boom jungle music  
Go back to India  
With your crazy shit, you're bumming up the area  
Looking through your Instagram  
Looking for a pentagram  
All I see is poor people, they should be on ghetto-gram  
You don't get our underground  
Brofist or overground fist pump  
Eat ham or even throw your dick around  
Yeah you try to stick around  
Do you do your bikram?  
Let you into Super Bowl, you tried to steal Madonna's crown  
What the fuck you on about?  
Think about goin to France, quelle heure est-il  
This ain't time for your terror dance  
Eat, pray, love  
Spend time in the Ashram  
Or I'll drone you  
Kony 2012  
Now scram!
