

It Iz What It Iz

M.I.A.

I'm here to paint what's written on ya face
Cuz these are the days we are loosing our ways
To find better ways to say what nobody says

Cuz we're living on the edge and my motorcycles speeding
It is what it is and this is how I'm feeling
We're living on the edge and my motorcycles speeding
It is what it is and this is how I'm feeling
Today a a a aa aaa
It is what it is shorty
Today a a a aa aaa
It is what it is shorty

I got effected but I effect alot more
They all got issues but I got a bit more
I put it in boxes and I put it in a store
I hope you really like it I can do you some more

Yeah I'm gonna say something even if you think it's nothing
Cuz one day you are gonna say that today was bumping
Yeah I'm gonna say something even if you think it's nothing
Cuz one day you are gonna say that today was bumping

Cuz we're living on the edge and my motorcycles speeding
It is what it is and this is how I'm feeling
We're living on the edge and my motorcycles speeding
It is what it is and this is how I'm feeling
Today a a a aa aaa
It is what it is shorty
Today a a a aa aaa
It is what it is shorty

Maybe it's just us or maybe it's just me
We can have discussions while we are playing wii
Maybe it's just us or maybe it's just me
We can have discussions while we are playing wii

We're living on the edge and my motorcycles speeding
It is what it is and this is how I'm feeling
We're living on the edge and my motorcycles speeding
It is what it is and this is how I'm feeling
