

In the City

M.O.D.

I love living in the city
I love living in the city

My house smells just like the zoo
It's chock full of shit and puke
Cockroaches on the walls
Grass growing on my balls
Oh but I'm so clean cut
And I just want to fuck some slut

I love living in the city
I love living in the city, yes I do

Spent my whole life in the city
Where junk is king and the air smells shitty
People puking everywhere
Piles of blood, scabs and hair
Bodies wasted and their beat
People dying on the street
But the suburban scumbags they don't care
Just get fat and Dye their hair

I love living in the city
I love living in the city
