

Landscape Of Love

M People

Come on and walk with me
Through this landscape of love

Come on and walk with me
Through this landscape of love
Come on and walk with me
Through this landscape of love

Free, free like the bird
That is waiting to fly
Free, free like the mountains
Almost to the sky, free

Come on and walk with me
Through this landscape of love
Come on and walk with me
Through this landscape of love

Come on and
Come on and
Come on and
Come on and

Hold my hand
Walk across this land
(Come on and)
Hold my hand
Walk across this land
(Come on and)

Hold my hand
Walk across this land
(Come on and)
Hold my hand
Walk across this land
(Come on and)

Come on and walk with me
Through this landscape of love
Come on and walk with me
Through this landscape of love
