

## Little Packet

### M People

Go take the fast lane baby, you travel so light  
The fast lane mother, your bark is your bite  
Fast lane baby, it's all such a gas  
Fast lane honey, you wave as you pass  
Get busy one time

I got a packet, I keep it for my mind  
I'm so impressive, so handsome and so kind  
There's people wantin' to talk to me all day  
There's people hangin' on every word I say  
Get busy one time  
Get busy one time

I dial nine, I need an outside line  
To another world that leaves me feelin' fine  
I dial nine, I need an outside line  
To another world that leaves me feelin' fine

Go take the fast lane baby, you travel so light  
The fast lane mother, your bark is your bite  
Fast lane baby, it's all such a gas  
Fast lane honey, you wave as you pass  
Get busy one time

Fast lane  
Fast lane  
Fast lane  
Fast lane

I talk a lot, everythin' I say is wise  
I chop an' change, the picture turns to black an' white  
I try so hard to promise you the world and more  
It's my career, come on it's time I had some more

I dial nine, I need an outside line  
To another world that leaves me feelin' fine  
I dial nine, I need an outside line  
To another world that leaves me feelin' fine

Go take the fast lane baby, you travel so light  
The fast lane mother, your bark is your bite  
Fast lane baby, it's all such a gas  
Fast lane honey, you wave as you pass  
Get busy one time
