

Little Packet

M People

Go take the fast lane baby, you travel so light
The fast lane mother, your bark is your bite
Fast lane baby, it's all such a gas
Fast lane honey, you wave as you pass
Get busy one time

I got a packet, I keep it for my mind
I'm so impressive, so handsome and so kind
There's people wantin' to talk to me all day
There's people hangin' on every word I say
Get busy one time
Get busy one time

I dial nine, I need an outside line
To another world that leaves me feelin' fine
I dial nine, I need an outside line
To another world that leaves me feelin' fine

Go take the fast lane baby, you travel so light
The fast lane mother, your bark is your bite
Fast lane baby, it's all such a gas
Fast lane honey, you wave as you pass
Get busy one time

Fast lane
Fast lane
Fast lane
Fast lane

I talk a lot, everythin' I say is wise
I chop an' change, the picture turns to black an' white
I try so hard to promise you the world and more
It's my career, come on it's time I had some more

I dial nine, I need an outside line
To another world that leaves me feelin' fine
I dial nine, I need an outside line
To another world that leaves me feelin' fine

Go take the fast lane baby, you travel so light
The fast lane mother, your bark is your bite
Fast lane baby, it's all such a gas
Fast lane honey, you wave as you pass
Get busy one time
