Love Is In My Soul

M People

The world can beat me black 'n' blue
It can hurt so much it's just not true
Down and out and down at heel
But it sure can't change the way I feel

I feel a strength so deep within
A love to wash away the sin
Like the sound of the sea deep within a shell
To make your Heaven when all around is Hell

All manner of things can make me sing
But love's in my soul, love's in my soul
All manner of things can make me sing
But love's in my soul, love's in my soul

The tension grows and clouds your eyes
The swim upstream, the bridge of sighs
The cold stone walls and the metal jam
The ugly roar from a dying man

All these things that bring you down
Mean nothing more than a laughing clown
If you lift up your soul be strong be proud
You'll never be just another face in the crowd

All manner of things can make me sing
But love's in my soul, love's in my soul
All manner of things can make me sing
But love's in my soul, love's in my soul

All manner of things can make me sing
But love's in my soul, love's in my soul
All manner of things can make me sing
But love's in my soul, love's in my soul

All manner of things can make me sing
But love's in my soul, love's in my soul
All manner of things can make me sing
But love's in my soul, love's in my soul
Love's in my soul

Loves in my, loves in my
Loves in my, loves in my
Loves in my, loves in my
Loves in my, loves in my
Loves in my, loves in my
Loves in my, loves in my
Loves in my, loves in my
Loves in my, loves in my
Loves in my, loves in my
Loves in my, loves in my
Loves in my, loves in my
Loves in my, loves in my
My soul
Loves in my, loves in my soul
