

Someday

M People

Mmmmm (someday!)
Mmmmm (someday!)
Mmmmm (someday!)
Mmmmm (someday!)

The world is cold and times are bad.
Everytime I think about it it makes me sad.
War and drugs are everywhere
And it's getting so hard to breathe the air.
But it doesn't have to be like this
All the rancour and bitterness.
If we can just open our eyes
We can make this world a paradise.

Someday.
We'll live as one family in perfect harmony.
Someday.
If we all pull together we will all be free.

Someday (someday!)
Someday (someday!)
Someday (someday!)

Free from the pressure and the prejudice
We can change it all with tenderness.
There'll be no void between black and white.
We'll be able to walk the streets at night.
I won't be fooled while someone dies of starvation
The whole world will be my nation.
We will walk hand in hand.
I'll go to south africa and be called woman.

We'll live as one family in sweet harmony.

Someday we'll all be free...

Someday we'll all be free...

Hmm

Someday

Someday

Someday

We'll all be free...

Hey I wanna be freefreefree!

There'll be no ghettosno addiction.

All today's troubles will seem like fiction.

We will walk hand-in-hand.

I'll go to south africa and be called woman.

Someday (someday!)

Someday! (someday)

Hey I wanna be

Someday (someday!)

Free!

Someday...

[repeat to end]
