

## Hold Time

M. Ward

You were beyond comprehension tonight  
But I understood  
I understood  
If only I could hold time  
Hold time  
Hold time

Words have failed me tonight, failed me tonight  
But you knew what I meant  
You knew what I meant  
Yeah, you heard what I said the whole time  
The whole time  
The whole time

And I wrote this song about it  
Cause I didn't care about anyone in this photograph  
Yeah, I wrote this song just to remember the endless, endless s  
ummer in your life  
Endless summer in your life
