

Outta My Head

M. Ward

Oh a playful little kitten met a playful little bird,
and then off with its head, off with its head, oh my!

And a breeze met a blossom in a winter embrace
and then off with its head, off with its head, oh my!

Am I outta my head, outta my head my love?
Am I outta my head or is this real life?

Well you brought me from the cold bay for to sharpen up
your nights
and then off with my head, off with my head, oh my!

Once you taught me how to crawl, and you taught me how to
cry
and then off with my head, off with my head, oh my!

Am I outta my head, outta my head my love?
Am I outta my head or is this goodbye?
Am I outta my head or is this goodbye?
