Doing everything that I believe in Going by the rules that I've been taught More understanding of what's around me And protected from the walls of love

All that you see is me And all I truly believe

That I was born to try
I've learned to love
Be understanding
And believe in life
But you've got to make choices
Be wrong or right
Sometimes you've got to sacrifice the things you like

But I was born to try

No point in talking what you should have been And regretting the things that went on Life's full of mistakes, destinies and fate Remove the clouds look at the bigger picture

And all that you see is me And all I truly believe

That I was born to try
I've learned to love
Be understanding
And believe in life
But you've got to make choices
Be wrong or right
Sometimes you've got to sacrifice the things you like

But I was born to try

All that you see is me All I truly believe All that you see is me And all I truly believe

That I was born to try

I've learned to love
Be understanding
And believe in life
But you've got to make choices
Be wrong or right
Sometimes you've got to sacrifice the things you like

But I was born to try

But you've got to make choices
Be wrong or right
Sometimes you've got to sacrifice the things you like
