Everything You Do

From the moment you looked at me And ever since you called my name You've been everything that I've seen And know I'm caught up in this game

My mind is spinning round and around There's something special I have found Every time I close my eyes All I can think of is you and me Oh baby can't you see

That everything you do Everything that you do Makes me wanna go... Everything you say Everything that you say Makes me wanna go...

They're trying to build a fence By saying that this won't last They tell me I don't have a chance That everything moves too fast

But every time I close my eyes All I can think of is you and me Oh baby can't you see

That everything you do Everything that you do Makes me wanna go... Everything you say Everything that you say Makes me wanna go...

That everything you do Everything that you do Makes me wanna go... Everything you say Everything that you say Makes me wanna go...

My mind is spinning round and around There's something special I have found Every time I close my eyes All I can think of is you and me Oh baby can't you see

That everything you do Everything you do Everything you do Everything you say Everything that you say

That everything you do Everything that you do Makes me wanna go... Everything you say Everything that you say Makes me wanna go...

That everything you do Everything that you do Makes me wanna go... Everything you say Everything that you say Makes me wanna go...
