

One Shot

Mabel

So Imma make one stop for you, for you
And you only got one shot, don't ignore, yeah
'Cause I'm so choosy, choosy, yeah, yeah
Mans say I'm too bougie, bougie, yeah, yeah
So Imma give you one shot, go ahead, pour it

You know that I feel you
Say you wanna get familiar
But I got tunnel vision, tunnel vision
I like what I see but that don't mean I want it
I need something, real, yeah

Flashing your wrist on your rollie, rollie
Like your time is precious
Talking to me, say you show me, show me
Boy, you better

So Imma make one stop for you, for you
And you only got one shot, don't ignore, yeah
'Cause I'm so choosy, choosy, yeah, yeah
Mans say I'm too bougie, bougie, yeah, yeah
So Imma give you one shot, go ahead, pour it

And you only got one shot
Gotta give me all you got
So Imma make a little time for you
But baby only got one shot, one shot

I wanna get to know you
It's so hard to ignore you
And no I never make bad decisions, bad decisions
I don't need your hands to catch the rhythm
No, no, no, no
But you got something for sure, yeah

Holding your chain like it's holy, holy
I'm a blessing, blessing
Still talking to me, say you show me, show me
Boy, you better

So Imma make one stop for you, for you
And you only got one shot, don't ignore, yeah
'Cause I'm so choosy, choosy, yeah, yeah
Mans say I'm too bougie, bougie, yeah, yeah
So Imma give you one shot, go ahead, pour it

And you only got one shot
Gotta give me all you got
So Imma make a little time for you
But baby only got one shot, one shot
Give me all you got

So Imma make one stop for you, for you
Boy you only got one shot, don't ignore, yeah
'Cause I'm so choosy, choosy, yeah, yeah
Mans say I'm too bougie, bougie, yeah, yeah
So Imma give you one shot, go ahead, pour it
