For the First Time

Mac DeMarco

While she's been away Living day-to-day has been tough I found her at my side Simply being alive has been rough

Know she won't be gone forever There are many times I find it feels that way And I'm not trying to forget her Just understand how I'll be feeling on that day

It's just like seeing her for the first time again It's just like seeing her for the first time again

The time she's not around Somewhere out-of-town has been hard But somehow this old heart found time to work it out this far

No, I know she's coming home soon There are times I find it hard to feel that way It's not inside me to forget her Just understand how I'll be feeling on that day

It's just like seeing her for the first time again It's just like seeing her for the first time again

It's just like seeing her for the first time again It's just like seeing her for the first time again
