## For the First Time

## Mac DeMarco

While she's been away Living day-to-day has been tough I found her at my side Simply being alive has been rough

Know she won't be gone forever
There are many times I find it feels that way
And I'm not trying to forget her
Just understand how I'll be feeling on that day

It's just like seeing her for the first time again It's just like seeing her for the first time again

The time she's not around Somewhere out-of-town has been hard But somehow this old heart found time to work it out this far

No, I know she's coming home soon
There are times I find it hard to feel that way
It's not inside me to forget her
Just understand how I'll be feeling on that day

It's just like seeing her for the first time again It's just like seeing her for the first time again

It's just like seeing her for the first time again It's just like seeing her for the first time again
