

Sherrill

Mac DeMarco

Getting hard to remember, getting hard to recall
Getting laid off and pushed out and it ain't my baby's fault

So if you go, don't cry, I'll be right there at your side
Sherrill, Sherrill

Getting laid on the lifeline, getting tired, time for bed
And there's no use getting worked up, I'll remember all you said

And if you go, don't cry, I'll be right there at your side
Sherrill, Sherrill, Sherrill, Sherrill
