

## Dead And Gone

Macbeth

Under the spell  
Of a greenish moon  
My heart has sailed the seven seas  
Going mad with rage  
Please tell me why  
Something strange  
Makes me drown in my own tears  
A voice within me said it was love  
What new trick is this?  
Her kiss for me is death  
For your sake  
For your sake  
You've taken lights out of my eyes  
Stealing my heart  
Burning my love  
Ripping my soul  
A black mark that means  
Dead and gone  
Mercy on me  
Cruelty is tearing dreams  
I'm falling headlong in disgrace  
Painful to behold  
I can but weep  
A hole in my soul  
Drives me to despair  
A tragic end swallows my hopes  
I'm forever lost  
Her kiss for me is death

By the moon's dying light  
Wait for me  
I'm so far away  
Like the faint light  
Of a cold star  
My love has fallen asleep  
As dried leaf settled  
On icy marble  
Like the cold breathe  
Of a winter night...
