Begin the words and bleed reality.

(Those without a name) Bow down before your Gods
(This is your empire) Close your eyes.
(Those without a say) Bow down before your Gods
(This is your empire) Pay the price.

Unvoiced a distant grief that beckons me.

(Those without a name) Bow down before your Gods
(This is your empire) Close your eyes.
(Those without a say) Bow down before your Gods
(This is your empire) Pay the price.

(This is your empire) Pay the price.
