

I Wanna Start The Third World War (mystery Track)

Machine Gun Fellatio

I wanna start the third world war
It's just what we've been waitin' for
It'll free the hungry and the poor, yeah I...
...wanna start the third world war

It will create new and exciting sports
In a world of hate, a game show worth fightin' for
You didn't care before, now there's a whole lot less more worth
and for (?)
And there's molded plastic figurines and general controlled and
slittin' machines (?)

And I wanna start the third world war
It's just what we've been waitin' for
It'll free the hungry and the poor, yeah I...
...wanna start the third world war
