

Take It Slow

Machine Gun Fellatio

Take it slow on a fragment of melody
Take it slow and you'll find your way back to me
Take it slow

Get out your music and dance with me
Get out your music and dance with me

Take it slow on a fragment of melody
Take it slow and you'll find your way back to me
Take it slow

I don't want to do it if you don't with me
I don't want to do it if you don't with me
I don't want to do it if you don't with me
Don't want to see it if you won't see
I don't want to see you if you won't see me
Take it slow

I'm waiting for you

Take it slow on a fragment of melody
Take it slow and you'll find your way back to me
Take it slow
On and on around the world
On and on around Madonna's trousers
On and on around the world you come back to me
Take it slow

On and on around the world
On and on around Madonna's trousers
On and on around the world you come back to me
Take it slow

On and on around the world
On and on around Madonna's trousers
On and on around the world you come back to me

Go home and have a hot meal
Because tomorrow you will die
