

# All In Your Head

Machine Head

You tell me, I've been walking on a railing  
Been excelling at failing  
That I think wrong, I don't belong  
I don't fit, I don't give a shit  
Take my guitar and microphone, pour out my fuckin' soul  
Insecurity, I'll strip it down to the bone - fuck it  
I ain't a stranger, just strange  
I'll be find so leave me alone

You can't see the things that make  
Your happiness go away, well I can

It's all in your head  
It's in your head  
Sad but it's true  
It's inside you  
Keep wallowing in your misery  
It's all in your head

I know that I'm a weirdo and I'm messed up  
And the lord knows that I've fucked up  
But I don't need you to point out  
Every mistake that I make  
I'm sick of all your negatives, something has gotta give  
Got me thinking you need to stop overthinking  
Brink of losing my mind and going blind  
I'll be fine, leave me alone

You can't see the things that make  
Your happiness go away, well I can

It's all in your head  
It's in your head  
Sad but it's true  
It's inside you  
Keep wallowing in your misery  
It's all in your head

Why can't you see it's you  
It's just inside of you

You can't see the things that make  
Your happiness go away, well I can  
Honestly you're driving me insane, again

Because it's all in your head  
It's in your head  
Sad but it's true  
It's inside you  
Someday you'll see who you're unhappy  
Someday you'll see that it's not me  
It's all in your head

It's just inside of you
