

Beneath the Silt

Machine Head

Sailing under sheets of rain
The waves crashing inside my brain
A gray horizon lies below
The oceans pulling undertow

Swallowed by the silence of this watery abyss
Save me I'm drowning
Beneath the silt
I'm sinking
Beneath the silt

Clouds of ashen paint the sky
A black fog forces down the eyes
A casket floating out from shore
Depression closer evermore

Swallowed by the silence of a watery abyss
Save me I'm drowning
Beneath the silt
I'm sinking
Beneath

Climbing the walls
Climbing the walls
Climbing the walls
Climbing the walls

Beneath the silt
Beneath the silt
Beneath the silt
Beneath the silt

Swallowed by the silence of the watery abyss
Swallowed by the silence of
Grasping at the skies above
I'm drowning
Beneath the silt
I'm sinking
Beneath the silt
I'm drowning
Beneath the silt
I'm sinking
Beneath the
Beneath the silt
