

## Bleeding From Within

Machinemade God

Sweet is the knife that cuts the skin,  
I'm bleeding feelings from within.  
Cold is the metal, born so rare and razor's blade returns so fa  
ir  
Sweet is the hurt that drags away the pain,  
opens my eyes, it makes me sane  
Every time I'm staring at myself I'm wondering of all this was  
in vain

One last time I try to face the mirror  
This lonely moment seems to last forever  
Every time I see myself alone  
Every time I have ever cried because of you!

Every time when you you just looked away  
I became emptier inside.

Sweet is the knife that cuts the skin,  
I'm bleeding feelings from within.  
Sweet is the hurt that drags away the pain,  
opens my eyes, it makes me sane!

Take me out of this haunting darkness...  
Bring me back to life..bring me back to life  
Salvation!
