

## All I Really Need

Machines of Loving Grace

I'm gonna give you one more chance  
Now if you want to apologize  
Here's your opportunity  
Body and soul  
Oh, we forgot to say forgive me  
Forgive me for I know not what I say  
Forgive me, forgive me  
My love I've gone astray  
All I really need is your love...  
To fall in love  
If that's what you call love  
I still don't know what I've been thinking of  
All I really need is your love...  
(You already said that...)  
All I really need is your love, love, love, love
