Tick tock around the clock for the rock ya come see me  
Just knock at the door I'll grant your wish like a genie  
Strait out to get paid stack the loot that I made  
Been slangin' dope out my mammas' house since the 10th grade

Never tried it can't deny it in the tiots was a looter  
Used to hang with drive by shooters, stick 'em up for Honda scooters  
Never was a scholar make you throw yo hands and holla  
Wolla went to Jr. High slangin' joints fo a dollar

Finger waves was the new fad so they spotted a due rags  
Niggas got dumped on fo the red or blue rags  
Down with the G's so them niggas never serve me  
Bellin' through the hood in my honeycomb Jersey

Painter pants cuffed so I fix it on my biscuits  
Till my hair get long enough to brade my bitch I'll keep it twisted  
It's that nigga runnin' wild punch the pedal to the meadow  
And everywhere I go it's a must I keep it ghetto

Stereo type foe life from the streets where the palms trees sway  
And the money parlay  
Fo block niggas got the hoes like sewed up  
Bitches on my nuts every since I first showed up

Tryin' to look like my big homies that was bangin'

Twistin' through the hood in a 83 caddy

'Cause it's sittin' on white ones with the two way tight ones  
And as I floss I keeps my Nina Ross  
Cocked with the clipin' to catch a nigga slippin'
