Mack 10

Uhh uhh Come on...

Got to get the scrilla got to get the scrilla

Got to get the cash hey come on got to get it (huh huh)

(3x) Ridahs please callin' on all ridahs

please

Blowin' through the wind like the sticky green breeze

Back once again straight faded off Henn'

It's that nigga WC with the pocket full of spend

Runnin' all the gators with the new chrome feet

Checkin' through my rearview with my hand on my heat

Cause hatas can't stand to see a nigga doin' good

But fuck Hollywood I'm a still bang the 'hood

Gettin' my stalk on walk on loc I'm all about the paper

Hoppin' out the Navigator with braids & Chucks Taylors

A regulator scopin' the field like a commentator

Dodgin' investigators haters & salt shakers

The cookie baker the 64 pancaker

Bitch my whole entourage is full of kit makers &

Gators trip makers to Vegas from bird breakers from

skyscrapers

Tippin' nobellas cause loc we's all about the Cheddar

See we down for whatever

It's all about the Cheddar

I put that on my life & the 23rd letter

Everybody get yo' scrilla

Don't worry 'bout ya time zone

Homie get yo' grind on

Better

Bounce baby baby bounce baby baby bounce

To them outta town niggas I still got 'em 9 an ounce

Can't rely on no label to send my kids to college

So after I rock the spot meet me in the parking lot

Now call it what you want but the game got me cheese

With bitches on my dick since my last CD

I went from young black & broke bro' to dub the

inevitable

Turnin' over three decimals bangin' the oyster

perpetual

Let it go rags to riches buckets to Phillies

I went from no dough to mo' dough

To still gettin' these switches

I'm wicked for digits forgive me God for the truth

But I fiends for Cheddar like a smoker with a sweet

tooth

Got game from Legit & 40 C Mac & Short

Cube told me the key to it all is to keep hustlin' loc

Put your family first & the rest will endeavor

Stay focused & forever we can get this Cheddar

Come on...

See we down for whatever

It's all about the Cheddar

I put that on my life & the 23rd letter

Everybody get yo' paper

Don't worry 'bout ya time zone

Homie get yo' grind on
