

No Dick At All

Mack 10

I'd be like, damn! This shit is unbelievable
Nowadays a nigga can't even bust a hoe
Just like this one broad, I seen her on my show
The bitch called herself Mack C 10

Then the gangsta boogie on rock and throwin' bows
Man, this bitch eat more Cassie and cornrows
I told her, "Next time let the pussy get it drippin'
Bitch, put some dick in your life, now, quit trippin'"

She said, "Motherfuck you, I'm takin' it and I'm strong
I don't wan' no dick, all I need is a cool tongue"
I said, "Well, I'll be damn, this one is gon' too far
You hoes got liquor ices like a neighborhood bar"

"Plus, all this twist it shit just bad for your health
Now bitch, what the fuck named you over your freaky self?"
She said, "Guess, I ain't so and I tote for free
If you want your bitch, keep a ass away from me, ya heard me?"

She said, she don't wan' no dick at all
She said, she rather lick or click them balls
She said, she don't wan' no dick at all
She said, she rather lick or click them balls

Now, tell me, what I gotta do to get the kick?
Without the bullshit like the dick is forbidden
What the deal here is you rather go chick on chick
With no dick when you fuckin' just click to click

I should've read between the lines but I was buggin' and shit
By thinkin' a pierced tongue was for suckin' a dick
Yeah, you had me, fooled, a church goer you say
But religiously P.I. peanuts every Tuesday

Tellin' me about your man, he was your first and your last
Not to mention all the drag how you was hurt in the past
And now, female'll be sensitive to your needs
'Cause niggas always got a trick up they sleeves

But on the real though, is the answer still no?
Like you rather have a hoe strap on dildo
Basically, the broads act like they ain't missin' a dick
They rather bump up each other cock and just lay up and lick
Damn! Ain't that some fucked up shit?

She said, she don't wan' no dick at all
She said, she rather lick or click them balls
She said, she don't wan' no dick at all
She said, she rather lick or click them balls

I smell that, Mack dime, Mack dime
They say a woman can please woman better
Than the man can please a woman
The woman knows what woman like
But I don't believe the hype

I done ran across this type
I done duck off of the few dice
I done made of ruler be thinkin'
Plumber and a lay pipe

I used to think of her about a year and half ago
How we contaminated like the water in [Incomprehensible] Mexico
I crack to say that, oh, I used to lake that
I pulled her panties to the side to let her take a ride
Right, bitches, all night, bitches, fight bitches
On the middle of we all together, bitches

Suck around and turn the party out
[Incomprehensible] corner over to retaliate cowards be out
This have to rip out, to the whole protect it, pow
Hotta Pow, lexible, illegible, irresistible, physical, kiss a pow
Are you tryin' anything to get, you try sexual?

She said, she don't wan' no dick at all
She said, she rather lick or click them balls
She said, she don't wan' no dick at all
She said, she rather lick or click them balls

She said, she don't wan' no dick at all
She said, she rather lick or click them balls
She said, she don't wan' no dick at all
She said, she rather lick or click them balls
