To bail through, it's fin you're in with Mack 10

And I gotta confess up, nigga this West Up! for life

Now I got ta show you how the West coast rocks
No razor blades, in my mouth, just a glock
And I'm hittin you up, with that W-S
The sun, rises in the East, but it sets in the West
No gold teeth, you gets a wreath
So hand me the goodies, stockin mask, no hoodies

Christmas day, I'm in a tre
While some of you niggaz got the robe reindeer and a sleigh
We don't call it five-oh, we call it one time
It's my life my life my life my life, in the sunshine!
One nine weighs a ton
How the fuck you think that the West was won?
Now shit can be squashed over a forty ounce of backwash
No jokes, the land of locs and hundred spokes
In the East, we can be brothers
But when you come to L.A., watch your motherfuckin colors
West Up! nigga

Give it up, give it up
Like the nigga James Brown, me and my niggaz are puttin it down
So bustas be wary cause see we represent the city
Where niggaz caught slippin is left with they brains drippin
City of the Angels, more like a concrete jungle
Full of macks Cadillacs and crack sacks
I pledge allegiance to the shit till I die
So let the five-twenty slide and put it down from the WestSide

WestSide!
