Mack 10

We got bitches on the left, niggas on the right  
Bitches wanna fuck, niggas wanna fight  
Do what you gotta do, nigga keep it tight  
But make um understand it's westside foe life

X rated americans most faded, bitch plated niggas in the industry  
Got it in for me, but I kick back nigga life is short,  
And you don't wanna get put on life support  
We wake up early, you ain't worthy and got the killas on deck  
So the rappers ain't got to get they hands dirty  
You wanna battle, hand a bitch the mic  
You wanna squab, I'm too rich to fight  
Niggas get him git him, where it hurts to his head squirts puss  
Infamous when you ain't kin to us  
Abuse with crips and bloods, on the loose  
Killa cali all we need is an excuse

Just remember you niggas that want me to timber  
I'm in my swimming pool, in the middle of december  
Foe every motherfucka that wanna kill a vet

Punk the world ain't yours cause motherfuckas like you do chores

Yo bitch hear my voice pussy get moist  
Bitches in the beauty shop, talkin bullshit
