

You Delinquent

Mack 10

Voice: What the fuck?

Mack: I'm tired of playin' with yo' ass nigga today you gone die.

Voice: Aaaagh agh

I went from Inglewood to H-Town tryin' to put the hustle down
But I could already tell these bitch niggas want to clown
Like I'm the new jack of the city but I ride like nina roll
And I can see now one eighty seven got to be the penal code

I'm fed up that's it that's all fuck that get it get it
And since he bullshitted & ran with it
A murder must be committed
Now the kidnap got to go down

In other words I got to steal him
Then put the pistol to his grill &
Cock the hammer back & kill him

We finna (get him) & once we (get him)
Gotta make a statement
He fucked the family
Man to respect 'em we gotta waste him

No hesitatin' heat him up & leave him on the pavement
Then find his momma so she can help us find her baby
Nigga are you crazy?
We don't bullshit when it comes to payday

They fuck with Face they
Don't let me catch you on the highway
Or in public places we dumpin' on ya like that

Caught his ass slippin' at a parkin' lot
Red dot marks the spot
I'm trippin' on how hard he got
He got some bitches in the front seat smilin'

When asked about the paper he owe he kept drivin'
Paid us no mind & hit the corner in the 5.0
Dippin' disrespected pimpin' Mack 10 trippin'
Loadin' up the stainless .44 grip &
The trigger off his finger finna start clickin'

Aww fuckAin't that a bitch
This nigga actin' like I'm some type of sucka
I'll tell you what Face you drive
When I blast this muthafucka

Done took my last weed crop money
So you know we through G

To let a punk nigga do me

I give a fuck what you claim
Where you from & who you know
Nigga touch my dough fa sho
