

# Annabelle

Macy Gray

All I know of love is what they taught me  
I loved all my guns until they shot me

My heart, so weak, so heavy, oh yeah  
Kiss me, now leave me, my sweet torture

Annabelle Annabelle  
I don't want you no more, don't come around here,  
Annabelle Annabelle  
I don't want you no more Annabelle

I looked so damm fine the day I met you  
you went right through me and I let you

My heart, so weak, so heavy, oh yeah  
Kiss me, now leave me, my sweet torture

Annabelle Annabelle  
I don't want you no more, don't come around here,  
Annabelle Annabelle  
I don't want you no more Annabelle

I tried and I tried and I tried and I tried and I tried  
(This is my quit day)  
And I lied and I lied and I lied and I lied and I lied  
(I said that yesterday)  
I tried and I tried and I tried and I tried and I tried  
(I'm quitting, I'm quitting, I'm fixing to quit)  
And I lied and I lied and I lied and I lied and I lied  
I'm in hell, Annabelle,  
Up in hell

Annabelle Annabelle  
I don't want you no more, don't come around here,  
Annabelle Annabelle  
I don't want you no more  
Annabelle
