

Help Me

Macy Gray

It's a sad, sad day when the thing you love, my love, brings you to your knees, my love
Beats you down and eats you up 'til you're nothing
But they say, they say I'm to far left
At least I ain't someone else 'cause I can't change it and it ain't strange if I'm just being myself
The say I'm too far gone
Well, I say that they're wrong 'cause who are they to say who I should be and where I'm goin'
Am I goin' to heaven? (Am I goin' to heaven?)
Am I goin' to hell? (Am I goin' to hell?)
See, when I wake up in the morning, I just can't tell
I can't help myself (I just can't tell)
Some say I'm bad (Some say I'm bad)
Some say I'm good (Some say I'm good)
Some they think I'm just a psycho broad but I'm just misunderstood

Yeah, I'm misunderstood
So can somebody help me? (Help me, help me, help me)
So can somebody help me? (Help me, help me, help me)
(Help me, help me, help me) Somebody help me
Really help (Help me, help me)
(Somebody) Help me, help me, help me, help me
If I change, change, change, if I switch off my delivery (I switch off my delivery), will you, my love, remember me (Remember me) when I'm dead and gone
They say I'm dead and gone, they say
They say I'm to far left

At least I ain't someone else 'cause I can't change it and it ain't strange if I'm just being myself (I'm just being myself)
The say I'm too far gone (The say I'm too far gone)
I say that they're wrong (I say that they're wrong)
'Cause who are they to say who I should be and where I'm goin' (And where I'm goin')
Am I goin' to heaven? (Am I goin' to heaven?)
Am I goin' to hell? (Am I goin' to hell?)
See, when I wake up in the morning, I just can't tell
I can't help myself (I just can't tell)
Some say I'm bad (I'm bad) (Some say I'm bad)
Some say I'm good (Some say I'm good)
Some they think I'm just a psycho broad but I'm just misunderstood

Yeah, I'm misunderstood
Hey, lets go, somebody help me? (Help me, help me), alright
(Help me, help me) Will somebody help me? (Help me, help me, help me)
((Somebody) Help me, help me, help me, help me) Reach out your hand and help me
Oh, to lean, to lean on your shoulder now
I tried to follow but it don't fit me
See, I'm hard to swallow 'cause they don't get me
And my soul is shifted

I call it unique but I guess I don't know
Oh, oh, so can somebody help me, help me, help me, help me (Somebody help me)
Help me, help me, help me, help me
(Somebody) Help me, help me, help me

(Somebody) Won't you help me, help me, help me, help me now?
Won't somebody help me, help me, help me, help me?
Won't somebody help me, help me, help me, help me? (Fighting it your best chance)

Won't somebody help me, help me, help me, help me?
Won't somebody help me, help me?

One two three four

Somebody help me (C'mon)
