

That day when I made you cry, didn't think you'd say goodbye but I hurt you
deep inside and I'm sorry love
Hope you can understand when I went to the other man
See baby, had to work my plan but you've had enough
Yeah, shake me love
You wake me love
I'm dreamin' of ya
(I know that we're) We're broken up but I'm sure it was love, my love
Lately I've been...
Lately I've been coming up just like a palm tree
People surrounding me
Yeah, I'm popular
They say I'm pretty
You should come back to me (Back to me)
Lately, lately
Yeah, baby I was a crab
Didn't realise what I had
Took the good and made it bad and I'm sorry love
But I landed on my feet, now
Lookie here and you will see, now
I think you'll like me
Check me out
Yeah, shake me love
Don't wake me love
I'm dreamin' of ya
(I know that we're) We're broken up but I'm sure it was love, my love
Lately I've been...
Lately I've been coming up just like a palm tree
People surrounding me
Yeah, I'm popular
They say I'm pretty (I'm pretty baby)
You should come back to me (Yeah, yeah)
Lately, lately
You have what I need and I know how it seems but it's not that way (Not that way)
I was chasing my dreams (I was chasing my dreams)
If you only knew (If you only knew) how I felt about you, you'd be running back (Running back), back on my street
Lately (Lately) I've been coming up (Coming up) just like a palm tree (Palm)
People surrounding me
Yeah, I'm popular
They say I'm pretty
You should come back to me (Yeah)
Lately, lately
Lately I've been coming up just like a palm tree
People surrounding me
(Yeah, all now get that I'm popular) Yeah, I'm popular
They say I'm pretty (Yeah, that I'm pretty baby)
You should come back to me
Lately, lately
Lately I've been coming up (Come to me) just like a palm tree
People surrounding me
Yeah, I'm popular
They say I'm pretty
You should come back to me (Alright)
Lately, lately
