

# Nothing Else Matters

Macy Gray

So close, no matter how far  
I couldn't be much more from the heart  
Forever trusting who we are  
And nothing else matters

I never opened myself this way  
Life is ours, we live it our way  
All these words I don't just say  
And nothing else matters

Trust I seek and I find in you  
Every day for us something new  
Open mind, a different view  
And nothing else matters

I never cared for what they do  
I never cared for what they know  
But I know

So close, no matter how far  
I couldn't be much more from the heart  
Forever trusting who we are  
and nothing else matters

I never cared for what they do  
I never cared for what they know  
But I know

I never opened myself this way  
Life is ours, we live it our way  
All these words I don't just say  
And nothing else matters

Trust I seek and I find in you  
Every day for us, something new  
Open mind for a different view  
And nothing else matters

I never cared for what they say  
I never cared for games they play  
I never cared for what they do  
I never cared for what they know  
But I know

So close, no matter how far  
I couldn't be much more from the heart  
Forever trusting who you are  
And nothing else matters
