

# Slowly

Macy Gray

Would it be so bad if we just stopped for a while  
And enjoyed the thrills we could all be still let the world just pass  
us by  
But it's all hurry hurry run run there's no time for this  
We want more and more got to win got to score so afraid of what we'll  
miss  
And it moves so fast  
Nothing lasts  
This too here will come to pass  
Wanna spend my days away from all the fuss  
Wanna spend them with you baby but you're in a rush

Slowly  
Why can't we just take our time  
Slowly  
I wish that we could take our time

Yeah we're all getting older realize there's no fountain of youth  
This is it came quick it's a lift it's a bitch it's your moment what  
you gonna do  
Yeah time would you be a friend ooh bless us with the chance  
To really grow up could you slow it up would you postpone the end  
Cuz you move so fast  
Nothing lasts  
This too here will come to pass  
Wanna spend my days away from all the fuss  
Wanna spend them with you baby but you're in a rush

Slowly  
Why can't we just take our time  
Slowly  
I wish that we could take our time

Cuz you move so fast  
Nothing lasts  
This too here will come to pass  
And it flies and it rolls like the storms and the thunders  
Stop and love me baby  
Our days are numbered

Slowly  
Why can't we just take our time  
Slowly  
I wish that we could take our time

Stop and love me baby  
Our days are numbered  
Take my time  
Slow it down  
Slowly
