

Still Hurts

Macy Gray

Looks like things ain't gonna work out quite the way we planned
Got your bags at the door and now you're leaving me again (Oh baby, baby)
And I play it cool like I don't care, that's just the way I am
But inside I wish I had the nuts to ask you for another chance
(Oh baby, baby)
'Cause all I do is wish for you (All I do is wish for you) now
that you are gone (Now that you are gone)
Time should heal and pain should fade and I should move on (I should move on)
But it still hurts, it still burns
When it comes to love then I've got a, a lot to learn
You ain't coming back like I want you to but baby, there's no getting over you and I still hurt
Yes, I still hurt
I smile when I look back on the way we were before
Remember the life I had, the love when I was your girl (Oh baby, baby)
Nowhere was as lovely as our own little world
I can't believe I messed up
I can't believe I'm not your girl
'Cause all I do is dream of you (All I do is dream of you) now
that you are gone (Now that you are gone)
Time should heal and pain should fade and I should move on (I should move on)
(Still hurts) It still hurts
(Still hurts)
When it comes to love then I've got a, a lot to learn
You ain't coming back like I want you to but baby, there's no getting over you and I still hurt
Yes, I still hurt
I try to fight away this hold you have on me
I pray, I kick, I scream, baby, I tried everything but I'm hopeless you see
Stuck on a love that used to be
Chasing the dream that maybe baby, you would come back to me
But wait, still hurts, still hurts
When it comes to love then I've got a, a lot to learn
You ain't coming back like I want you to but baby, there's no getting over you and I still hurt
Yes, I still hurt
Well, it still hurts
Yes, it still burns
When it comes to love then I've got a, a lot to learn
You ain't coming back like I want you to but baby (You ain't coming back), there's no getting over you
Yes, I still hurt
Yes, I still hurt (Still hurt, still hurt, still hurt, still hurt)
