

# Still

Macy Gray

In my last years with him there were bruises on my face  
In my dawn and new day, I finally got away  
But my head's all messed up and he knows just what to say  
No more dawn and new days, I'm going back to stay  
So why say bye, bye when it only makes me cry?  
I still light up like a candle burnin' when he calls me up  
I still melt down like a candle burning everytime we touch  
Oh say what you will, he does me wrong and I should be gone  
But I still be lovin' you baby and it's much too much

We are going down, cuz you're always getting high  
And your crumbs of lovin' no longer get me by  
Wow! It gets better everytime that we get high  
Then your crumbs of lovin', they somehow get me by  
Why say bye, bye when it only makes me cry?  
I still light up like a candle burnin' when he calls me up  
I still melt down like a candle burning everytime we touch  
I still light up like a candle burnin' when he calls me up  
I still melt down like a candle burning everytime we touch  
Oh say what you will, he does me wrong and I should be gone  
I be lovin' you baby and it's much too much

Can't I got my severed way?  
Some rain for my sunny day  
Not even one reason to stay  
Why? I said, I should've left you and  
Why? Well, I can't forgetcha baby  
Why? Ever since I metcha it's...  
Why?... Still

I still light up like a candle burnin' (I still) when he calls  
me up  
Melt down like a candle burning (Why?) everytime we touch (Why?)  
)  
I, light (Still) up like a candle burnin' when he calls me up  
I still melt down like a candle burning everytime we touch  
Oh say what you will, he does me wrong and I should be gone  
I still be lovin' you baby and it's much too much
