

# White Man

Macy Gray

Hey white man I am not my grandmother  
I'm from the city Canton Ohio  
I'm just a lady but I think like a man  
You hating me and I don't understand  
You're judging me, you wanna send me to hell  
God is my father and I got my ban  
You come for me, let me make it clear  
I'll whoop your woooo [x5]

Hey white man you can best believe I matter  
Now I'm offended by [?]  
But I'm living good on the edge of myself  
I'll make a drink and I toast you my hell  
Let's go together, let's make it better  
Let's go together, let's make it better  
If you don't agree I'll make it clear  
I'll whoop your woooo [x5]

(Let's go together, let's make it better  
Let's go together, let's make it better)  
If you don't agree I'll make it clear

I'll whoop your  
I'll whoop your woooo  
I'll whoop your  
I'll whoop your woooo  
I'll whoop your woooo
