

Just One More

Mad Caddies

The fine life is a beautiful thing
The caviar and the diamond rings
It goes all night, I see the writing on the wall

The bright lights of a big soiree
The satin glows and the tango sways
It goes all night, I see the writing on the wall

As for me I like a dark smoky bar
A shot of whiskey and a cheap cigar
It goes all night, I see the writing on the wall

Another quarter and the jukebox cries
I love the sound as the record sighs
It goes all night, I see the writing on the wall

No necesito la vida rica
Estoy contento contigo
'Cause in the end we all go the same place, yeah
And I'll be happy with what I know

I like the girls that go cha cha cha
And when the band is playing wah wah wah
It goes all night, I see the writing on the wall

Another drink and we'll all be fine
A little music and we start to shine
It goes all night, I see the writing on the wall

No necesito la vida rica
Estoy contento contigo
'Cause in the end we all go the same place, yeah
So I'll be happy with what I know
