

# Whatcha Gonna Do

Mad Caddies

Layin' awake again and I don't know what's happening  
I'm setting sail on unknown seas  
And I'm haunted by insecurities  
I'm standing on the edge of dream  
Colliding with the light of this real life scene  
And I don't feel a thing until the pain comes  
And when it's all said and done would I just cut and run  
Sometimes I'm so numb I don't know  
If it happened tonight would I stand and fight  
Or would I just let go

[Chorus:]

Whatcha gonna do when it's on you boy  
Whatcha gonna say when it's no no more  
Whatcha really gonna do when it's all through boy  
Whatcha gonna say when it's over now  
Maybe it's the time of the year  
But I don't feel my soul shine  
Locked up inside and floating on the cheap wine  
But there's a smell in the air  
And I swear something's there  
Blowing in on a California night  
So if it's all gone and I can't go on  
Well I'm sure as hell not ready to die  
[Chorus]
