

Dirty Lies

Mad Sin

why you try to stand in this line
things are not better when you lie all the time
all the words that say,
so now girl you have to pay
i can't believe it, all your dirty lies
i can't believe it, all this dirty lies
well all this dirty lies
little girl try to catch my hand
but it's too late you go down like in quicksand
like glue liquid in your brain
it's just the death that you shot in your vein
i can't believe it, all your dirty lies
i can't believe it, all this dirty lies
well all this dirty lies
now i see you are lying in the drain
you've ask for help but now it's too late
it's like drowning in the own shit
no more power and no more spirit
i can't believe it...
