

## Prison of Pain

Mad Sin

I'm stalking through a house of pain  
Where demons driving me insane  
There is no way out - there is no escape  
There is nothing left but hate

Tell me why I got no luck  
Why must my life be so fucked up  
I can't believe this is happening to me

I'm in a prison  
I'm in a prison of pain  
I'm in a prison of pain

I try to reach a slimey hand  
It disappears like grains of sand  
There is no one here to catch my fall  
There is no help I could call
