

Where Will It Go

Mad Sin

tell me
tell me
where will it go?
well, i sit on my home alone
nobody calls me on the phone
i go out with a hammer
tonight you meet the headslammer!
tell me, where will it go?
tell me, where will it go?
tell me, where will it go?
tell me, cause we don't know!
i had a woman with a flair
now she's gone and that's not fair
i go out with a knife
tonight i take a bitches life
tell me, where will it go?
tell me, where will it go?
tell me, where will it go?
tell me, cause we don't know!
let's go
we don't know!
never liked the things i did
all the needles in her lid
i go out with a knife
tonight i take a bitches life
tell me, where will it go?
tell me, where will it go?
tell me, where will it go?
tell me, cause we don't know!
