

# All I Can Take

**Madball**

Wanna run for cover but there's no where to escape  
Runnin' from your problems ain't makin' them go away  
Gotta be strong even when you're feeling afraid  
It's all in your mind the fears you have to face

I remember the times when I felt all alone and afraid  
Regretting the times that I chose to turn and walk away

I've had all I can take  
My self respect is now at stake

Forget about the past there's nothing I can change  
Try to look ahead tomorrow's another day  
Time to make a stand for the sake of my own shame  
And now I'm gonna fight because I don't see any other way  
Remember the times when I felt all alone and afraid  
Regretting the times that I chose to turn and walk away

I've had all I can take  
My self respect is now at stake

I've had all I can take  
Now I'm gonna show force  
I've learned life the hard way  
Time to even the score  
Win or lose there's no fear left in me  
Got no choice but to fight  
I'm through trying to decide who's wrong and what's right
