

Even when I walk away from all of this  
I won't forget your faces, the places that I've been  
For so many years, so many friends  
Times that we cherish now and then  
We can't replace them, but we can look ahead

I give all my respect to you, MY FRIENDS!  
After all I've seen, and all we've been through  
This is a WORLDWIDE THING!  
All across the world I say to you, MY FRIENDS!  
Thanks for all the love, for always staying true  
Now it's a WORLDWIDE THING

Don't confuse my words, I'm not finished yet  
There's more to see, more to express  
More to conquer, nevertheless still  
I'm humbled by it all, will we rise or fall?  
I won't stand complacent, we will make our statement

From New York to the west coast  
All across the lands  
Overseas in Europe, and Japan  
Australia to New Zealand  
To South America, here we go again

Now it's a WORLDWIDE THING!  
This is a WORLDWIDE THING!  
Is everybody with me?  
It's a WORLDWIDE THING!  
Is everybody with me?  
Now it's a WORLDWIDE THING!
