

Downtown

Madcap

I go down to the city
even when the rain falls down (4x)

I don't care if it's a
boy or girl you're after
I don't care if it's a
record label deal
I don't care if it's a
nuclear reaction
I don't care if it's all
above the new

I go down to the city
even when the rain falls down (4x)

You can take your picket fence and
shove it up your ass
You can take that dream
of old money coming
Cuz I know a place
that's real
maybe not the people
but the way I feel

Downtown! Here we go!
Downtown! Here we go!
I go to the city
Nothing else to do
Forget about my worries
Maybe you should too
Downtown! Here we go!
Downtown! Here we go!

I go down to the city
even when the rain falls down (4x)
