

## Downtown

Madcap

I go down to the city  
even when the rain falls down (4x)

I don't care if it's a  
boy or girl you're after  
I don't care if it's a  
record label deal  
I don't care if it's a  
nuclear reaction  
I don't care if it's all  
above the new

I go down to the city  
even when the rain falls down (4x)

You can take your picket fence and  
shove it up your ass  
You can take that dream  
of old money coming  
Cuz I know a place  
that's real  
maybe not the people  
but the way I feel

Downtown! Here we go!  
Downtown! Here we go!  
I go to the city  
Nothing else to do  
Forget about my worries  
Maybe you should too  
Downtown! Here we go!  
Downtown! Here we go!

I go down to the city  
even when the rain falls down (4x)
