

All I Do

Madcon

All I do's for you
All I do's for you
All I do's for you

Baby, I get step back, a whole fold
I've been doing all for your pleasure
Baby, if you want that, leave for
Whatever you do man I will let you
Dancing in the stars like whole club, club
Everything stops when you walk my mind
I would leave a dollar for got my dam
And I take off, want to live my life

Think my love is waste
And I've been pumping you would come my way
Cause I don't need, don't know where's her place
As long as I got you, you know my body say

Chorus
All I do's for you
I lose my cool
Imma fool for you
All I do is for you
(All I, all I, all I)
(Is for you)
I do's for you
(You, you, you)

All I do's for you
I lose my cool
And Imma fool for you
All I do is for you
(All I, all I, all I)
(Is for you)
I do's for you
(You, you, you)
I do for you

All I

We heist the beach front
To the point which you see no details
And my life is everything that I need so
If you wanna to try I promise I will be all
I can step back, a whole fold
I've been doing all for your pleasure
Baby, if you want that, leave for
Whatever you do man I will let you

Think my love is waste
And I've benn pumping you would come my way
Cause I don't need, don't know where's her place
As long as I got you, you know my body say

We are so flying, I'm balling you the weed
Can't say I let you go
Is you and me
You're so devine I lose my money to be me

Oh, oh, oh
(So what you want, so what you want)
Don't know, don't know
(Talk to me, talk to me)
(I'll do what you wanted)
So what you want?

Chorus

All I do's for you
I lose my cool
Imma fool for you

(All I, all I, all I)
(Is for you)
I do's for you
